CTS
Work Programme

What makes our instructional methods so different?

What happens when you spend 10 years with a singular focus on being the best at educating? You gain more experience than anyone in the field and create a unique and comprehensive methodology to improve learning outcomes - known as AMFAQ!

| **1. ANALYZE**	**2. MELT**	**3. FREEZE**	**4. APPLY**	**5. QUANTIFY**
•To define current & future learning state	•To shift learning processes & behaviours	•To ensure long-term change in learning behaviours	•To achieve desired learning outcomes	•To establish baseline & monitor progress

Results provide the proof that our tested, comprehensive AMFAQ methodology measurably enhances the learning spirit and performance of individuals. Our sessions set us apart for experiential, insight-based and eureka moments that accelerate sustainable shifts in learning behaviours than is possible with other methodologies.
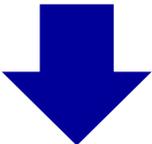

CTS – WORK PROGRAMME

A: Assess

⬇

M: Melt

F: Freeze

A : Apply

⬇

Q: Quantify
